About us

HPC
Healthline

HPC Healthline UK Ltd (formerly known as Hanfare Protective Clothing) was first established in 1968 and has now become synonymous with supplying one of the most extensive ranges of disposable gloves and workwear, pulp and paper products, polythene bags and infection control solutions.

We pride ourselves on providing our customers with the highest service levels built on our basic core principles: Customer Focus, Reliability, Flexibility & Variety, Quality & The Environment.

CUSTOMER FOCUS

Our experienced customer service team and your Account Manager are always available to assist you with all of your requirements. We are constantly investing in the latest IT solutions to provide our customers with online options to place orders and view their account(s).

RELIABILITY

In the business for over 45 years, our company continues to grow whatever the economic climate. This stability allows us to have a greater stock holding in our multiple distribution centres and combined with our own fleet of delivery vehicles and partnerships with major transport companies, means we can provide our customers a guaranteed faster service.

FLEXIBILITY & VARIETY

HPC Healthline supplies protective workwear and disposable gloves, a comprehensive range of polythene bags, disposable pulp and paper products, infection control kits and wipes. Our extensive ranges offer the flexibility of ordering a wider range from one supplier, and we can also source hard to find or untraditional products.

QUALITY & THE ENVIRONMENT

Our quality driven company is registered to ISO9001 and ISO13485. All of our products meet the highest levels of quality and conform to all relevant British and European Standards including BSI Kitemark and CH5A registration where required.

We are also proud to confirm that our company has achieved the environmental ISO14001 registration due to its recent implementations including solar panelling and wind turbines at its two distribution centres.

Our well known brands include:

- Shield®
- Shield®2
- Shield® Industrial
- Newton™/Handsafe®
- Healthline™
- Handsafe®
- SafeDon™
- Biotex®
- Trusty®
- Finetouch®
- Caretex®
- Safetex®

- Food Contact EC1935/2004 (GX670 & GX883)

Our range of sterile examination gloves is powder free and ambidextrous. It offers a variety of formulations covering most procedures required for aseptic environments. All gloves are packed in sterile pouches and although they are ambidextrous, the gloves are presented in left and right orientation to aid donning.

Nitrile Sterile Examination Glove

Powder Free Indigo (GSNE100)

GSNE100 Attributes

- ✓Nitrile ✓Powder free ✓Indigo ✓Textured ✓Latex free ✓Accelerator free
- ✓Ambidextrous ✓AQL 1.5 ✓6 Newton

Available in S-L

 HandSafe®

Properties & Benefits

- Accelerator free removing the risk of contact dermatitis caused by these chemicals
- Suitable for use with cytotoxic/chemotherapy drugs (splash resistance)
- Beaded cuffs to improve ease of donning and glove strength
- Greater durability compared to latex or vinyl

Standards

- Medical Device Class 1 Sterile
- EN455 parts 1, 2, 3 and 4
- PPE CAT III
- EN420
- EN374
- Radiation sterilisation ISO11137

Packing

- 50 pairs per dispenser
- 200 (4x50) pairs per case

Powder Free Blue (GS690)

GS690 Attributes

- ✓Nitrile ✓Powder free ✓Blue ✓Textured ✓Latex free ✓Ambidextrous
- ✓AQL 1.5 ✓6 Newton

Available in S-L

 HandSafe®

Properties & Benefits

- Low in residual chemicals to reduce the risk of contact dermatitis associated with these chemicals
- Beaded cuffs to improve ease of donning and glove strength
- Greater durability compared to latex or vinyl

Standards

- Medical Device Class 1 Sterile
- EN455 parts 1, 2, 3 and 4
- Radiation sterilisation ISO11137

Packing

- 50 pairs per dispenser
- 200 (4x50) pairs per case

Latex Sterile Examination Gloves

Chlorinated (GS21)

GS21 Attributes

- ✓ Latex ✓ Powder free ✓ Natural ✓ Textured ✓ Ambidextrous ✓ Chlorinated
 - ✓ AQL 1.5 ✓ 6 Newton
- Available in S-L

Properties & Benefits

- Beaded cuffs to improve ease of donning and glove strength
- Low protein, minimising the risk of contamination and allergic reaction
- Low in residual chemicals to reduce the risk of contact dermatitis associated with these chemicals
- Lightweight and comfortable natural material

Standards

- Medical Device Class 1 Sterile
- EN455 parts 1, 2, 3 and 4
- Radiation sterilisation ISO11137

Packing

- 50 pairs per dispenser
- 200 (4x50) pairs per case

Double Chlorinated (GS680)

GS680 Attributes

- ✓ Latex ✓ Powder free ✓ Natural ✓ Textured ✓ Ambidextrous ✓ Double Chlorinated
 - ✓ AQL 1.5 ✓ 6 Newton
- Available in S-L

Properties & Benefits

- Beaded cuffs to improve ease of donning and glove strength
- Low protein, minimising the risk of contamination and allergic reaction
- Low in residual chemicals to reduce the risk of contact dermatitis associated with these chemicals
- Lightweight and comfortable natural material

Standards

- Medical Device Class 1 Sterile
- EN455 parts 1, 2, 3 and 4
- Radiation sterilisation ISO11137

Packing

- 50 pairs per dispenser
- 200 (4x50) pairs per case

Synthetic Sterile Examination Gloves

Stretch Vinyl (GS124)

GS124 Attributes

- ✓ Stretch Vinyl ✓ Powder free ✓ Cream ✓ Smooth ✓ Latex free ✓ Ambidextrous
 - ✓ AQL 1.5 ✓ 3.6 Newton
- Available in XS-L

Properties & Benefits

- Beaded cuffs to improve ease of donning and glove strength
- Soft smooth formulation for improved feel and fit reducing fatigue during extended wear
- Flexible material for improved feel and fit reducing fatigue during extended wear

Standards

- Medical Device Class 1 Sterile
- EN455 parts 1, 2, 3 and 4
- Ethylene Oxide sterilisation ISO11135

Packing

- 50 pairs per dispenser
- 200 (4x50) pairs per case

Co-Polymer (GS641)

GS641 Attributes

- ✓ Co-polymer ✓ Powder free ✓ Clear ✓ Smooth ✓ Latex free ✓ Ambidextrous
 - ✓ AQL 1.5
- Available in S-L

Properties & Benefits

- Intended for use as a sterile barrier over-glove
- Designed to be used over an examination glove

Standards

- Medical Device Class 1 Sterile
- EN455 parts 1 and 3
- Radiation sterilisation ISO11137

Packing

- Individually wrapped
- 100 gloves per dispenser
- 2400 (24x100) gloves per case

 - 69 x 147cm (27 x 58")
 - 76 x 147cm (30 x 58")
- Thicknesses: 8 to 50 microns (32 to 200 gauge)

Standards

- CAT I Minimal Risks
- Food contact EC1935/2004

Packing

- Packed flat in polybags or perforated on rolls

SHIELD

Rubber Apron (AP14C)

✓ Red with white ties ✓ One size

Properties & Benefits

- Rubber apron with adjustable ties at the neck and waist
- Excellent resistance to fats, oils and high temperatures
- Flexible, waterproof and hard wearing
- Heavy duty applications
- Size: 91 x 107cm (36 x 42")

Packing

- Individually packed in polybags
- 20 pieces per case

SHIELD

Made to measure

- *Logo printing service available on request*
- *Other colours, thicknesses and dimensions available on request*

Overshoes and Oversleeves

CPE Overshoes (DF01 & DF01/16)

DF01M & DF01M/16 Attributes

✓Blue ✓Embossed ✓CPE ✓Machine made
Available in M-L

DF01 & DF01/16 Attributes

✓Blue ✓Embossed ✓CPE ✓Handmade
Available in M-L

Properties & Benefits

- Sizes: M (36cm/14") and L (41cm/16")
- With elasticated edges
- Latex free elasticated edges to minimise allergic reactions
- No elastic tie on bundles to respect food safety regulations

Packing

- 10 pieces per bundle
- 10 bundles per polybag
- 2000 (20x100) pieces per case

SHIELD²
SHIELD

CPE/Non-Woven Overshoes (DF02)

✓White, Blue, White/Blue ✓L only ✓CPE/Non-woven ✓Embossed

Properties & Benefits

- Size: L (41 cm/16")
- With elasticated edges
- Latex free elasticated edges to minimise allergic reactions
- No elastic tie on bundles to respect food safety regulations
- *Fully non-woven overshoes available on request*

Packing

- 4 pieces per bundle
- 10 bundles per polybag
- 800 (20x40) pieces per case

SHIELD

PE Oversleeves (DA01)

DA01M Attributes

✓Blue ✓One size only ✓Polythene ✓Machine made

DA01 Attributes

✓White, Blue, Red ✓One size only ✓Polythene ✓Handmade

Properties & Benefits

- With elasticated edges
- Latex free elasticated edges to minimise allergic reactions
- No elastic tie on bundles to respect food safety regulations
- Food contact EC 1935/2004
- *Non-woven oversleeves available on request*

Packing

- 10 pieces per bundle
- 10 bundles per polybag

Facemasks

Non-Woven Facemask (DK01 & FM4125)

- ✓ One size ✓ Green loops or ties / Blue loops or ties (FM4125) ✓ 3ply
- ✓ Non-woven polypropylene

SHIELD

Properties & Benefits

- Glass fibre free
- Plastic coated wire nose strip for optimum fit
- Latex free elasticated edges to minimise allergic reactions
- Lightweight and comfortable designs to allow for extended wear

Standards

- MDD93/42/EEC Class 1 and EN14683:2014 Type II

Packing

- 50 pieces per dispenser
- 1000 (20x50) pieces per case
- 300 (6x50) pieces per case (FM4125)

Paper Mask (DK03)

- ✓ One size ✓ White ✓ 2ply Paper

Properties & Benefits

- Elasticated ear loops
- Latex free elasticated edges to minimise allergic reactions
- Lightweight and comfortable designs to allow for extended wear

Packing

- 100 pieces per dispenser
- 5000 (50x100) pieces per case

SHIELD

Preformed Nuisance Mask (DK04)

- ✓ One size ✓ White ✓ Non-woven fibre

Properties & Benefits

- Made from bonded non-woven fibre with preformed nose design
- Elasticated headband
- Aluminium nose strip for optimum fit
- Latex free elasticated edges to minimise allergic reactions
- Lightweight and comfortable designs to allow for extended wear

Packing

- 50 pieces per dispenser
- 1000 (20x50) pieces per case

SHIELD

Beard Mask (DK05)

- ✓ One size ✓ White ✓ Non-woven polypropylene

Properties & Benefits

- Elasticated headband
- Latex free elasticated edges to minimise allergic reactions
- Lightweight and comfortable designs to allow for extended wear

Packing

- 100 pieces per bag
- 1000 (10x100) pieces per case

SHIELD

Made to measure

- Other colours, thicknesses and dimensions available on request

Respirators

FFP1D Respirator (FM3014)

✓ One size ✓ White ✓ Non-valved ✓ Polypropylene and polyester ✓ Adjustable head strap

Properties & Benefits

- Low level (78% filtration efficiency) respiratory protection against particles (solid and liquid aerosols)
- Cup shaped and fitted with a foam nose cushion
- One size with adjustable headstrap
- Latex, fibre glass and metal free to minimise allergic reactions

Standards

- CAT III
- EN149:2001 + A1: 2009
- Dolomite clogging tested

FFP2D Respirator (Non-Valved FM3015 & Valved FM3016)

✓ One size ✓ White with blue liner ✓ Polypropylene and polyester ✓ Adjustable head strap

Properties & Benefits

- Medium levels (92% filtration efficiency) respiratory protection against particles (solid and liquid aerosols)
- Cup shaped and fitted with a foam nose cushion
- One size with adjustable headstrap
- Latex, fibre glass and metal free to minimise allergic reactions

Standards

- CAT III
- EN149:2001 + A1: 2009
- Dolomite clogging tested

FFP3D Respirator (Valved FM3018)

✓ One size ✓ White with yellow liner ✓ Polypropylene and polyester ✓ Adjustable head strap

Properties & Benefits

- High levels (98% filtration efficiency) respiratory protection against particles (solid and liquid aerosols)
- Cup shaped and fitted with a foam nose cushion
- One size with adjustable headstrap
- Latex, fibre glass and metal free to minimise allergic reactions

Standards

- CAT III
- EN149:2001 + A1: 2009
- Dolomite clogging tested

Our wide selection of polythene refuse sacks cover most needs in the industry. This range offers a variety of dimensions, capacities and colours. These include black sacks, wheelie bin liners, compactor and aggregate sacks, coloured and clear bags, bin liners, laundry bags, clinical waste sacks.

A founder member of the CHSA, our bags are cost-effective and are renowned for their quality and durability.

Trusty Branded Bags

Industrial Bags

A range of black polythene refuse sacks designed for general household and industrial waste.

Flat Packed Industrial Black Sacks

| Duty | Code | Size (mm) | Approx Size (") | Packing |
|-------------|---------|-------------|-----------------|---------|
| Light | TRUS/L | 457/737x965 | 18/29x38 | 200 |
| Medium | TRUS/M | 457/737x965 | 18/29x38 | 200 |
| Heavy | TRUS/H | 457/737x965 | 18/29x38 | 200 |
| Extra Heavy | TRUS/XH | 457/737x965 | 18/29x38 | 200 |

Retail Bags On The Roll

In addition to our industrial sacks we also offer a retail range, which are manufactured on the roll and are available in several colours. Packed in small units with a descriptive paper band on each roll, they are ideal for retail trading.

Black Household Waste Sacks
